HOTEL
BOGOTÁ PLAZA Carrera 18A # 100 - 41

+57 316 305 0826

7:30 - 7:45 **Welcome**

7:45 - 8:00 **Surgical anatomy of the nose- New relevant concepts -Edgar Felipe**

8:00 - 9:00 **+ ROUND TABLE: Why has preservation rhinoplasty changed the approach to nose surgery in the world? why did you make the change? (Mario Ferraz - Oliver Gerbault - Enrico Robotti - José C. Neves) Moderator: Jorge Espinosa**

9:00 - 9:20 **How to expand indications in preservation rhinoplasty -Mario Ferraz**

9:20 - 9:50 **KEYNOTE LECTURE: Bone and septum stability for preservation and structural management of the dorsum -Oliver Gerbault**

9:50 - 10:10 **Cone beam ct scan: practical application in rhinoplasty -Enrico Robotti**

10:10 - 10:30 **Sublaminar (supraperichondrial) septal dissection and the cable/mirror sutures -Jose Carlos Neves**

10:30 - 11:00 **COFFEE**

11:00 - 11:20 **Diversity of rhinoplasty and its aesthetic implications -Nicolás Heredia**

11:20 - 11:40 **The full open limited approach to preserve the lateral compartments of the nose -Oliver Gerbault**

11:40 - 12:00 **Why splitting the middle vault matters in cartilaginous pushdown and full pushdown-letdown techniques: my point of view -Enrico Robotti**

12:00 - 12:20 **Using surface techniques to preserve the cartilaginous dorsum -Roxana Cobo**

12:20 - 12:40 **The semipreservation concept -Mario Ferraz**

12:40 - 13:00 **Let-down technique in mestizo patients: when do i use it and when do i not use it -Gustavo Romero**

13:00 - 14:00 **LUNCH**

14:00 - 14:30 **KEYNOTE LECTURE: -Abdulkadir Goksel**

14:30 - 14:50 **Dorsal preservation with piezoelectric instruments -Oliver Gerbault**

14:50 - 15:10 **Dorsal aesthetic lines: how to obtain consistent results -Edgar Felipe**

15:10 - 15:40 **KEYNOTE LECTURE Precision segmental rhinoplasty- tetris 2.0 -Jose Carlos Neves**

15:40 - 16:00 **Videosession 1 -Oliver Gerbault**

16:00 - 16:20 **Videosession 2 -Jose Carlos Neves**

16:20 - 16:40 **COFFEE**

16:40 - 17:00 **Dorsal aesthetic lines: without using spreader grafts -Gustavo Romero**

17:00 - 17:20 **The use of the piezotome in the deviated nose -Wilson Arias**

17:20 - 17:40 **Deviated nose and repair using preservation rhinoplasty -Mario Ferraz**

17:40 - 18:40 **+ ROUND TABLE: Choosing the correct patient for preservation rhinoplasty (Mario Ferraz - Oliver Gerbault - Enrico Robotti - José C. Neves) Moderator: Roxana Cobo**

2023 ACADEMIC PROGRAM

Saturday 28 January

Welcome

- 7:30 - 7:45 Techniques for improving results with osteotomies -[Carolina Pérez](#)
- 7:45 - 8:00 My indications for using costal cartilage -[Ricardo Munera](#)
- 8:00 - 8:20 My current hybrid preservation-structural rhinoplasty concept -[Enrico Robotti](#)
- 8:20 - 8:40 Keystone rhinosculpture: the prerequisite for an anatomic dorsum reconstruction -[Oliver Gerbault](#)
- 8:40 - 9:00 Caudal Nasal Spine Graft: adequate control of tip support and position -[Wilson Arias](#)
- 9:00 - 9:20 Partial septal reposition in rhinoplasty -[Ricardo Munera](#)
- 9:20 - 9:50 **KEYNOTE LECTURE: SPAR - The Brazilian Technique and its Evolution in the last 25 years** -[Mario Ferraz](#)
- 9:50 - 10:10 Videosession 3 -[Enrico Robotti](#)
- 10:10 - 10:30 Sesión de video 4 -[Mario Ferraz](#)

10:30 - 11:00 COFFEE

- 11:00 - 11:20 Revisiting the tip support anatomy and its applications in tip plasty -[Jose Carlos Neves](#)
- 11:20 - 11:40 The impact of the pedestal in the position of the nasal tip -[Roxana Cobo](#)
- 11:40 - 12:00 Modified lateral crural tensioning -[Mario Ferraz](#)
- 12:00 - 12:20 The versatile use of columellar ligaments -[Oliver Gerbault](#)
- 12:20 - 12:40 Conservative treatment of the nasal tip: the role of the septocolumellar suture -[Jorge Espinosa](#)
- 12:40 - 13:00 Managing the shape and orientation of the lateral crura -[Enrico Robotti](#)

13:00 - 14:00 LUNCH

- 14:00 - 14:20 A conservative sequence in tip plasty (domal cephalic apposition suture, 7x suture, 8.0 suture and symmetrizing the dome caudal border) -[Jose Carlos Neves](#)
- 14:20 - 14:40 Treatment of the width of the alar base: the technique of the facets of light -[Jorge Espinosa](#)
- 14:40 - 15:00 Revision rhinoplasty: rib or ear cartilage. how to decide? -[Nicolás Heredia](#)
- 15:00 - 15:20 Revision rhinoplasty: my main options -[Jose Carlos Neves](#)

15:20 - 15:50 COFFEE

- 15:50 - 16:20 **KEYNOTE LECTURE: Use of finesse rib grafting and SPF-SPFL constructs in secondary rhinoplasty** -[Enrico Robotti](#)
- 16:20 - 17:20 **+ ROUND TABLE: complications in preservation rhinoplasty: what happened?, how did i correct it?**
([Mario Ferraz](#) - [Oliver Gerbault](#) - [Enrico Robotti](#)) Moderator: [José C. Neves](#)

17:20 - 17:30 CLOSING REMARKS
