

ALL IN ONE **RhinoVerse** RHINOPLASTY CONGRESS

LIVE SURGERY SYMPOSIUM
30-31 MAY - 01 JUNE 2025 6 LIVE SURGERIES

CO PRESIDENTS

DR. EMRE İLHAN

DR. J. CARLOS NEVES

DR. MARIO FERRAZ

DR. FROILAN PÉREZ

TEACHERS OF HONORS

DR. HOSSAM FODA

DR. CARLOS PEDROZA

DR. FAUSTO LÓPEZ ULLOA

DR. FRANK RIEDEL

LIFE LONG TEACHERS OF ALL IN ONE

DR. ROXANA COBO

DR. FAZIL APYRDIN

DR. ENRICO ROBOTTI

DR. SÜREYYA ŞENELDİR

DR. HİLMİ UĞURLU

DR. LEILA FREIRE

DR. BORIS FILIPOVIC

DR. ALIMUL HUDA

DR. HÜSEYİN SALICI

DR. İSMAIL SINICI

DR. AHMET ALP

DR. AMADEO JAIME

DR. CRISTIAN CORDERO

DR. CHRIS CORDERO

DR. AL NEZA NEZAN

DR. TADEO LORA

DR. HERNÁN WILES

DR. MUHAMMET GÜLER

DR. SERKAN GÜÇ

DR. TEYİN ÖZCAN

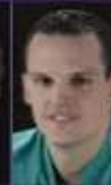

DR. DIEGO AMADOR T.

DR. NASER ALKASKASHE

DR. GULLARTE

DR. JUAN DIEGO MESA

DR. ALI EVLICE

DR. ALI KIZILDAĞ

DR. AMIR NABIL

DR. FERNANDO KERI

DR. HÜSEYİN ÖZYAY

DR. EDGARDO M. SERNA

DR. ANN KIM

DR. BARBARA FLIPA

DR. SABINA SHAVLOVA

DR. MIGUEL REALDO

DR. CÉSAR BULTRINA

DR. HINÇAL ÖNERMAN

DR. AYMAN FOZZY

DR. KARAHAN ÖZMAN

DR. STEINAR FJORLING

DR. EVELYN M. MALARIN

DR. ARIEL KOOCHEER

DR. ERDAL ERENÇ

DR. TURAL TULLANEV

DR. CÜNEYTTÜKOĞLU SANI

DR. AKER CAMCIOĞLU

DR. VEDAT TAŞ

DR. NIKO SELVI

DR. HARUN ACIPAYAM

DR. EMİR ÖZDEMİR

DR. AHMET N. AYDIN

DR. SULTAN TURSHEN

DR. JONATHAN CORDERO

DR. ULISES COLLANO

DR. EREN BULDUZ

DR. MUHAMMED ŞAHİN

DR. TUGRAHAN ZİLELİ

TURKISH

RESULTS ARE THE KING

DAY 1 – 30.05.2025

- 07:00 **REGISTRATION OPENING**
- 08:00 **Welcome Remarks**
Opening Talks: Honored Teachers of All in One Rhinoplasty
 – 30 years of Rhinoplasty Journey ‘The Tip’ **S.Şeneldir** (20 mins)
 – 10 Years in Rhinoplasty World: THE ALL IN ONE LEGACY – **E.İlhan** (10 mins)
- 08:30 **Master Class Lecture:** Structural contours . Getting the most out of your dorsal aesthetic lines. **F.Paez**
- 08:50 **Master Class Lecture:** How can we decide about the desired shape before surgery? **F.Apaydin**
- 09:10 **Master Class Lecture:** 15 Step Universal Rhinoplasty **F.Lopez**
- 09:30 **All in One Lecture :** Precision Rhinoplasty: The Concept, Technique And Proper Use of Cylindrical and Conical Burrs In Precision Rhinoplasty **E.İlhan**
- 10:00 **Coffee Break (coffee will be served all day)**
- 10:10 **New Concepts and Approaches. Moderators:** **E.İlhan /F.Paez** (7 mins each)
 – Adaptative valveplasty . Understanding external and internal valve relationship to extend dorsal aesthetic lines to tip defining points **F.Paez**
 – The tip isosceles triangle concept and laser guidance. **J.Carlos Neves**
 – Diagonal Expression and The Midline Anatomical Cone Grafts for Max Definition. **E.İlhan**
 – A new type of SEG (LEGO Seg) **A.Evlice**
 – Combining Power with Piezo: when and why **E.Robotti**
 – How I deal with the nasal ligaments: preserving versus rebuilding **E.Robotti**
 – Contemporary estructural dorsum. Why you don’t need preservation. **E.M.Serna**
- 11:00 **Hybrid/Fusion/Precision versus Preservation: The Future beyond Preservation.** Mod: **A.Khazal-M.Hidalgo** (7 mins each)
 – Osteoplasty Types and Effects How to Create Soft Transitions or Sharp Angles. **E.İhan**
 – Nasal Osteotomies Piezo & MicroSaw Combination. **N.Dadaşzade**
 – Hybrid Technique: Combining power & Piezo in Structural preservation Rhinoplasty. **A.Khazal**
 – Hybrid Dorsum. **M.Hidalgo**
 – Preservation rhinoplasty in mestizo noses. **C.Valdiva**
 – Preservation and structural rhinoplasty in Asian patients. Our experience in Central Asia. **S.Tukeshov**
 – Architecture and engineering in rhinoplasty vectorial concept. **C.Cordero**
 – The DAL split maneuver **J.C.Neves**
- 12:00 **All in One Lecture:** My contemporary “hybrid” primary Rhinoplasty: an evolving journey. **E.Robotti**
- 12:30 **Personal Approaches in Rhinoplasty.** Moderator: **S.Yusubov** (7 mins each)
 – Unexpected sinus complications and management after Rhinoplasties. **S.Yusubov**
 – Septal vectorial extender 593. **C.Cordero**
 – Precise NASal Hump Measuring Tool. **A.N.Rabie**
 – 100 % the osteotomies performed by ultrasound in closed preservation rhinoplasty **R.Guillarte**
- 13:00 **Lunch**
- 13:30 **Live Surgeries:** Moderators: **E.İlhan/S.Gode/N.Dadaşzade** – Moderator in O.R. : **H.Özay/N.Seyhun**
Dr. Froilan Paez – Primary Rhinoplasty with Fusion Rhinoplasty
Dr. Cavid Cabbarzade – Primary Rhinoplasty with Structure Rhinoplasty
- 16:00 **Coffee Break**
- 16:30 **Keynote Lecture:** My Algorithm in Tipplasty. **F.Riedel**
- 16:45 **Keynote Lecture:** Total Reconstruction of Lower Lateral Cartilages **C.Pedroza**
- 17:00 **Pre Recorded Live Surgeries** (Moderators: **M.Ferraz/F.Keim**)
 – Mario Ferraz
 – Cesar Valdiva
 – Frederico Keim
 – Sercan Göde
- 18:00 **Preservation Rhinoplasty – The Mhyt The Reality and The Results.** Mod: **J.C.Neves/ M.Ferraz** (7 mins each)
 – Let Down Dynamics. **F.Lopez**
 – Causal push. Using ballerina maneuver and adaptive valveplasty to gain caudal support of the nostrils. **F.Paez**
 – The step-up manouvre for dorsal preservation. **J.C.Neves**
 – SPAR-C The First Push Up Technique in the History. **M.Ferraz**
 – Structure versus preservation Rhinoplasty. **T.Sözen**
 – NOVA Spare Roof and Sall Maneuver in Preservation Rhinoplasty. **T.Lyro**
 – The 6 preservation steps in convex-concave deformity. **R.Guillarte**
 – Open vs closed, structure vs preservation: Which one do I use? **C.Cabbarzade**
- 19:00 **Closure of Day 1**

SCIENTIFIC PROGRAM – 31.05.2025 – DAY 2 OF THE CONGRESS

- 07:00 **The Bony and Cartilagenous Framework.** (Moderators:E.Boldaz/D.Arancibia) (7 mins each)
- Radix high spreader grafts . Reconstructing and augmenting the dorsum with functionality and no warping **F.Paez**
- Osteotomy and dorsum repair. **H.Balikci**
- Proper Osteotomies and My Middle Vault Approaches . **A.Alp**
- Osteotomies and Sidewall Aesthetics. **E.Boldaz**
- What we want in a good result in terms of sidewall aesthetics and how we achieve it with Precision Burrs. **H.Özay**
- Osteotomy in preservation rhinoplasty. **B.Flora**
- The Bony Flap. An alternative for humpectomy in structural rhinoplasty. **C.Santamaria**
- Dorsal management in rhinoplasty. **D.Arancibia**
- 08:00 **Crooked/Deviated Nose :Middle Vault and Caudal Septal Problems** (Moderators: H.Özay/A.R.Rejaee) (7 mins each)
- Excellence in Crooked Nose with Precision Rhinoplasty. **H.Özay**
- Structuring the crooked nose. **J.Cordero**
- Fine tips in instrumentized remodelling of bony vault. **A.Rajae**
- Spreader Grafts : Form & Function. **A.Mesbahi**
- Crooked Nose Repair-The Keypoints **M.Dilber**
- My Surgical Approach to the Deviated Nose. **T.Fatullayev**
- Addressing the Bone in Crooked noses. **S.Göde**
- Management of Pinocchio nose. **H.Foda**
- 09:00 **The Excellence in Base and Tip Surgery** (Moderators:E.ilhan/F.Paez) (7 mins each)
- Control of Alar-columellar relationship **H.Foda**
- Nostril profile . The real understanding of lobule, columellar and anterior nasal spine relationship to the alar rim. **F.Paez**
- Avoiding complications in nasal base **H.Foda** (10mins)
- Base of the Nose Nostril Shape and Anatomical Considerations **E.ilhan**
- Nasal base surgery technique: simple, safe and effective **C.Pedroza**
- Supratip Control. **F.Riedel**
- 09:45 **Keynote Lecture:** Safety Around rhinoplasty. **H.Valdes**
- 10:00 **Keynote Lecture:** Double-tunnel technique, bridging preservation, and structural rhinoplasty in maintaining sagittal stability of dorsal components. **A.Rajae**
- 10:15 **Keynote Lecture:** The post operative effect of non floral bacterial colonization and proper solutions to prevent complications. **K.Günhan**
- 10:30 **Coffe Break**
- 10:50 **Tip Definition and Tip Support** (Moderators:T.Sozen/M.Dilber) (7 mins each)
- The Precision Tip: From Sutures to Micrografting Vectoral Lines and Transitions. **E.ilhan**
- Algorithm of procedures to reach nasal tip definition. **A.Rajae**
- Key Considerations in Tip Surgery. **T.Fatullayev**
- Finesse in nasal tip surgeries. **A.Joshi**
- Modified Lateral Crura Tensioning. **M.Ferraz**
- Lateral Crural Irregularities and functional solutions. **T.Sozen**
- How I achieve an attractive tip in longterm. **M.Dilber**
- Middle-medial crural anatomic support graft. **C.Cabbarzade**
- The effect of bilateral medial crural strut graft technique on tip stabilization and flexibility". **H.Acipayam**
- How do I use an extension graft? **N.Selvi**
- 12:00 **All in One Lecture:** Ear cartilage in revision rhinoplasty **H.Foda**
- 12:30 **Personal Approaches in Rhinoplasty.**(Moderator:V.Taş)
- Nasolabial angle management and ideal profileplasty. **V.Taş**
- Rhinoplasty scar management. **I.M. Villarreal**
- Individual Approach in Nasal Tip Surgery: My Experience and Methods. **S.İsmayilova**
- Preventing minihumps by the kite septal fixation in low strip preservation rhinoplasty. **R.Guillarte**
- 13:00 **Lunch**
- 13:30 **Live Surgeries** (Moderators: C.Santamaria/T.Sözen/C.Cabbarzade)(Moderators in O.R. : H.Özay//)
Dr.Emre İlhan: Primary Rhinoplasty with Precision Rhinoplasty
Dr. J.Carlos Neves: Primary Rhinoplasty with Segmental Preservation Rhinoplasty
- 16:00 **Coffee Break**
- 16:30 **Keynote Lecture:** Tips and Tricks to Achive Good Rhinoplasty Result. **A.Mesbahi**
- 16:45 **Keynote Lecture:** Secondary Rhinoplasty: Art and Craft. **T.Lyro**
- 17:00 **Pre Recorded Live Surgeries.** Moderators:C.Santamaria/T.Sözen
- C.Santamaria
- H.Valdes
- T.Fatullayev
- T.Sözen
- 18:00 **The Ethnic Rhinoplasty** (Moderators: A.Alp/H.Valdes) (7 mins each)
- Comprehensive Approaches to Asian Rhinoplasty: Structural, Functional, and Aesthetic Considerations **T.Nakai**
- Features of Dorsum Formation in Asian Rhinoplasty. **T.Izteleu**
- Ethnical Considerations in African Rhinoplasty. **A.H.Aydin**
- Achieving the best definition in Dorsum and the Tip in South American Noses. **F.Keim**
- 10 tips around the thick skin (latin) patient. **H.Valdes**
- Challenges of the Middle Eastern nose **H.Foda**
- My Key Considerations in Ethical Nose Cases. **A.Yildirim**
- Revision Ethnical Nose. **A.Alp**
- 19:00 **Closure**

SCIENTIFIC PROGRAM – 01.06.2025 – DAY 3 OF THE CONGRESS

Keynote Lectures

- 08:00 Revision Rhinoplasty Proper Management of Complications and the Skin Management. **A.Alp**
08:15 Nasal Base Reduction in Rhinoplasty: An Innovative Surgical Sequencing Technique. **L.Freire**
08:30 Follow up from the last stitch to the third month: Tips for good healing. **M.Songu**
08:45 **Keypoints that matter in Revision Rhinoplasty with rib grafting. E.Robotti**
09:00 My approach to the middle vault. **F.Apaydin**
09:15 Segmental hump reduction by combining piezo and precision burrs. **B.Filipovic**
09:30 Cottle original preservation 25 years experience. **F.Lopez**
09:45 Facial Procedures combined with Rhinoplasty. **B.Ugurlu**
- 10:00 **Thick and Thin Skin and Its Management** (Moderators: F.Keim/C.Cabbarzade) (7 mins each)
– My thick Skin Management techniques **H.Balikci**
– Thick and Contracted Skin How to Manage. **C.Cordero**
– Why I harvest Rib Cartilage in Primary Noses. **F.Keim**
– How I deal with the heavy skin. **C.Cabbarzade**
– How we expand the STE and Create more REDrape in Precision Rhinoplasty. **H.Özay**
– Effective Approaches to Defining the Nasal Tip in Thick Skin Patient **T.Lyro**
- 10:45 **Coffe Break**
- 11:00 **Revision Rhinoplasties** (Moderators: E.İlhan/A.Kochol)
– Concepts of Preservation Rhinoplasty in Revision Rhinoplasty. **M.Ferraz**
– Alternatives to Augment the Nasal Dorsum. **F.Keim**
– Endoscopic Costal Cartilage Harvest and Proper Ways to Use **E.İlhan**
– My Own Revisions Where I Failed and How I managed **A.Alp**
– Secondary Rhinoplasties and My Structural Way. **A.Kochol**
– Revision like a Primary **A.Khazal**
– Endoscopic Septal Perforation Repair in Revision Rhinoplasty. **T.Fatalluev**
– The Rib Cartilage and Use in Saddle Nose Revisions How I Create an Excellent Dorsum. **A.Camcioğlu**
- 12:00 **All in One Lecture** How can ve obtain a better tip projection and rotation? **F.Apaydin**
- 12:30 **Personal Approaches in Rhinoplasty** (Moderators: M.Songu/N.Seyhun)
– Precision in Rhinoplasty. **L.Freire**
– Detailed thick skin protocol in revision cases. **M.Songu**
– The Maneuvers That Creates Excellence in Tip Surgery : The Precision Tip **N.Seyhun**
– Less known but effective graft. **U.Quijano**
- 13:00 **LUNCH**
- 13:30 **Live Surgeries** (Moderators :C.Santamaria /S.Göde/C.Cabbarzade)
Dr. Tiago Lyro: Thick Skin Humped Rhinoplasty
Dr. Ahmadreza Rajaei: Double Tunnel Rhinoplasty
- 16:00 **Coffee Break**
- 16:30 **Keynote Lecture:** Identifying the potentially dangerous patient. **H.Foda**
16:45 **Keynote Lecture:** Closure of Septal Perforations bigger than 2.cm with bipediced flap **M.D.Yılmaz**
- 17:00 **Pre Recorded Live Surgeries** (Moderators: A.Alp/N.Selvi)
– Nazlı Selvi
– Ahmet Alp
– Alparslan Yıldırım
– Ahmet Halit Aydın
- 18:00 **Revision Rhinoplasty Extreme Maneuvers and Functional Considerations** (Moderators: E.Boldaz /H.Balikçi)
– Dealing with catastrophic noses. **H.Valdes**
– Columellar necrosis and how to deal with it. **M.Songu**
– My best techniques for Hard Revisions. **E.Boldaz**
– Reconstruction of Complex cases **M.Shbair**
– My Approach to cartilage exposure in the early postoperative period of Rhinoplasty. **F.Keim**
– Extraordinary maneuvers in Multiple Revisions **H.Balikci**
– Columella Reconstruction on Secondary Rhinoplasty **T.Lyro**
– Secondary rhinoplasty in noses with mutilations. **C.Cordero**
– Nasal reconstruction of columella after retraction **C.Cordero**
– Using rib graft IN AND AROUND THE NOSE. **H.Valdes**
